Hennion & Walsh Enhances Leadership of Growing Wholesale Team

*Andrew Gartrell Joins as Regional Vice President for Southeast,
Representing SmartGrowth[®] Mutual Funds and SmartTrust[®] Unit Investment Trusts*

Parsippany, NJ - November TK, 2009 – Hennion & Walsh, a full-service securities firm providing a disciplined and personalized approach to investing for individual investors, is pleased to announce the appointment of Andrew Gartrell to its growing wholesaling team. Mr. Gartrell will be representing the SmartGrowth[®] Mutual Funds and SmartTrust[®] Unit Investment Trusts.

Mr. Gartrell, who is based in Florida, joins Hennion & Walsh as a Regional Vice President and will cover the Southeast territory of the United States. He brings nearly 20 years of experience in the financial industry, including 13 years in wholesaling with First American Funds and Evergreen Funds.

“We are incredibly glad to welcome Andy as Hennion & Walsh continues to expand its wholesale efforts for the SmartGrowth[®] and SmartTrust[®] platforms,” said Bill Walsh, President and Partner, of Hennion & Walsh. “As an advocate for individual investors, we believe in making available to all investors properly allocated portfolios that provide disciplined investment strategies, professional management and diversification. This is at the core of our efforts to continuing to enhance the distribution of our SmartGrowth[®] and SmartTrust[®] offerings.”

Richard Hennion, Executive Vice President and Partner, of Hennion & Walsh, added, “In his new position, Andy will be rounding out our talented and experienced wholesaling team. He joins Victor Kopelakis, Ron Farrise and Mike Miranda under the supervision of National Sales Director Dave D’Arcangelo, all of whose deep knowledge and commitment are a testament to how important the SmartGrowth[®] and SmartTrust[®] families are to us and our clients.”

The SmartGrowth[®] family of Mutual Funds includes a series of three target-risk mutual funds: SmartGrowth[®] Lipper Optimal Conservative Index Fund (LPCAX), SmartGrowth[®] Lipper Optimal Moderate Index Fund (LPMAX) and the SmartGrowth[®] Lipper Optimal Growth Index Fund (LPGAX). The funds track investment benchmarks specifically designed to deliver risk/reward optimization. They encompass virtually the entire risk/reward spectrum, from very conservative to aggressive growth, for long-term investors.

The SmartTrust[®] UIT portfolios currently include nine UITs, including tax-free income, taxable income, equity and income, and equity oriented portfolios. UITs generally invest in a fixed portfolio, typically for a predetermined period of time. Rather than selecting from individual stocks and bonds, UITs allow individuals to invest in a basket of securities with a single

purchase. Each portfolio is strategically designed to handle a specific set of investment objectives and needs, keeping in mind risk, income requirements, diversification and liquidity.

“Our mission at Hennion & Walsh is to offer investors unique investment solutions that deliver a depth of expertise and options for their needs,” said Kevin Mahn, Portfolio Manager for the SmartGrowth[®] Mutual Funds and Chief Investment Officer at Hennion & Walsh. “We look forward to continuing to expand and grow our capabilities in offering distinctive mutual funds and UITs with the asset allocation and risk-reward profiles that today’s investors need.”

An investor can lose money by investing in this Trust. The Trust is not actively managed and will not sell securities in response to ordinary market fluctuations. An investment in this unit investment Trust is subject to market risk, which is the possibility that the market values of securities owned by the Trust will decline and that the value of Trust units that you receive in connection with the Trust’s termination or a redemption of your units may therefore be less than what you paid for them. There is no guarantee that the Trust will meet its investment objectives, that the securities comprising the portfolio will pay dividends or that the unit price will not decline.

Investors should consider the Trust’s investment objective, risks, charges and expenses carefully before investing. The prospectus contains this and other information relevant to an investment in the Trust. Please read the prospectus carefully before you send money.
